HOME-BASED SERVICES*

Our compassionate family preservation specialists provide home-based services to empower, assist, and nurture families experiencing various challenges and circumstances. We are the place to turn if your family struggles feel overwhelming or too difficult to handle alone.

Through the SafeCare® program, caregivers are equipped with tools, knowledge, and confidence to successfully face the complexities of parenting. Our team is committed to providing services that engage, involve, strengthen, and support your family in the most effective way to ensure children's safety and well-being.

**At least 1 child must be between the ages of 0-5 for families to qualify for services.*

WHAT WE DO

- » Case management
- » Transport clients when needed
- » Utilize the SafeCare® model

HOLIDAY SAFETY

Poisonings often occur when there is a distraction in the home or change of routine. Holiday activities, decorating, or entertaining guests can create plenty of distractions. Keep visitors' bags, purses, and luggage out of reach of children. Grandma's purse may contain medication that could be harmful or fatal to a small child.

Be sure to check all new electronics and toys for small coin-shaped button batteries. They are extremely dangerous if swallowed.

DON'T WAIT FOR SYMPTOMS TO APPEAR

Plants are a common non-medication call to poison centers during the holidays. Effects from eating plants depends on the amount eaten.

- Mistletoe - In large amounts eating leaves and berries can cause vomiting, and may lower blood pressure.
- Holly Berries - Eating three or more berries can cause an upset stomach and vomiting.
- Poinsettia - In most cases children have no symptoms or only minor stomach upset or vomiting. The plant sap may cause a rash. Wash the skin well with soap and water.

CALL US

If you have questions about holiday plants, decorations or toy safety call **1-800-222-1222**. Specially trained pharmacists and nurses are available 24/7 to answer your questions or assist you with an emergency.

Carbon Monoxide

If you have questions about carbon monoxide please call us. Don't wait for symptoms to appear. The most common signs of carbon monoxide poisoning are headache, weakness, dizziness, upset stomach, vomiting, chest pain and confusion.

Do not go back inside until the source of the leak is shut off or repaired

Carbon monoxide is an odorless, colorless gas that can kill you. It can be hard to tell the difference between minor carbon monoxide symptoms and the flu.

Carbon monoxide is found in fumes produced any time you burn fuel in cars, stoves, grills, gas ranges, small engines, and fireplaces.

Carbon monoxide is most often produced by clogged chimneys, space heaters, cracked furnace exchangers, or leaving a car running in the garage, even if the garage door is open.

All homes should have a carbon monoxide detector placed at bed level near sleeping areas. Additional detectors should be put on each floor of the house.

If your detector begins to sound have everyone leave the building. Seek help if anyone has moderate or severe symptoms, history of heart problems or is pregnant.

Carbon monoxide detectors should not be placed within 15 inches of heating or cooking appliances or in a humid area, such as a bathroom.

Accessing Choices in Education
The Muscogee Nation

THE MUSCOGEE NATION CULTURAL EXPERIENCE TRUNK

The Cultural Experience Trunk is a hands-on, cultural experience for students, PK-12th grades in classrooms and communities. The ACE Cultural Academics Specialist utilizes Mvskoke artifacts and lesson plans to bring this cultural learning opportunity to life for students.

ELIGIBILITY:

- American Indian/Alaskan Native Students
- Enrolled in a school within the Muscogee Nation Reservation; Grades PK-12th

HOW TO APPLY:

- Apply online at www.MCNACEServices.com
 - The facilitator/teacher is responsible for making sure each Native student completes the application/survey.

TRUNK CHECK OUT:

- Teachers, JOM personnel, & Community Centers may check out the Trunk at a time that best fits their schedule.
- Trunks will be picked up & dropped off in Okmulgee. Trunks may be checked out for up to one week.
