Re: Court Closure

Greetings,

Please be advised that on Friday afternoon, February 7, 2025, the District Court will close beginning at noon and will remain closed the remainder of that afternoon. The Court closure will enable electricians to perform necessary electrical work on the Court's side of the Mound Building. To perform the work, electricians will need to turn off the power for at least three hours.

Bond clerks will remain on call during the afternoon and through the weekend. For more information, please refer to the District Court website.
